

How to optimize your logistics and warehousing footprint?

With customer orders and shipment routes changing constantly, how frequently are you adjusting and refining your logistics and warehousing footprint?

Optimizing your logistics and warehousing footprint with incremental refinements should be a routine and day-to-day practice. However, these could culminate in substantial optimization projects in the long run. Best practices show that the operational and financial cost savings of improving your logistics and warehousing footprint could be at least 20% of your overall corporate supply chain management costs. What differentiates us is our integrated approach, visualized by nine fields of expertise.

Addressing the following key issues:

1. How to simultaneously reduce your logistic and warehousing cost while maintaining adequate service levels?
2. How to optimize supply chain networks within your logistics and warehousing footprint?
3. How to optimize your intercompany charges for logistics and warehousing services?
4. How to obtain tax rulings for your logistics and warehousing activities?
5. How to determine hot spots for logistics and warehousing options?

About Investment Consulting Associates - ICA

ICA is a strategic advisory firm headquartered in Amsterdam, The Netherlands. Our business philosophy is to utilize smart and efficient software applications in providing dedicated and tailored site selection services. LocationSelector.com and ICAincentives.com are two of our flagship products. This is what differentiates ICA from traditional strategy and management consulting firms who are active in the field of corporate site selection and investment promotion services.

Many of our clients are ranked among the world's 500 largest companies, but we also advise mid-sized businesses, non profit organizations, and government agencies. Our global track record supports our mission to become world leader in global site selection and Foreign Direct Investment (FDI) advisory.
